Environmental Policy

Lion, a leading food and beverage company, is committed to protecting the environment and meeting the expectations of our people and all stakeholders by:

- Maintaining compliance with all relevant legislation, regulations and codes of practice.
- Establishing and maintaining environmental best practice management systems:
 - Certified to international best practice (AS/NZS ISO 14001),
 - Implementing environmental management programs to reduce our environmental footprint, prevent pollution, reduce risk of harm to the environment and continually improve our performance,
 - Deliver on Lions commitment to corporate responsibility in the supply chain through acting in line with Lion's Procurement Policy in the sourcing of goods and services.
- Practicing sustainable environmental principles through the simple philosophy of reduce, reuse and recycle – in particular:
 - Reducing consumption of natural resources such as water, energy and packaging materials,
 - Reducing our carbon emissions across the business,
 - Minimising waste generation and maximise landfill diversion through recycling and reuse,
 - Taking a responsible approach to packaging stewardship for our products including maximising the use of recycled materials.
- Sustainably managing our sites and land activities to ensure minimal impact on the environment, biodiversity and the communities in which we operate.
- Encouraging and supporting our agricultural suppliers, partners and industry to follow sustainable environmental practices which minimise impact on land and resources.
- Optimising engagement with our people and all other key stakeholders – in particular:
 - Encouraging and involving all our people to incorporate this policy into their daily work and decision-making,
 - Maintaining and communicating effective emergency plans to minimise the risk and impacts of environmental incidents,
 - Communicating with suppliers and contractors the value of implementing environmental systems (certified to AS/NZS ISO 14001) and supporting robust sustainable environmental practices.
 - Communicating the intent of this policy with all stakeholders – including the making this policy available to industry, government and all other stakeholders.

Stuart Irvine - Chief Executive Officer
Lion
