Page 1 of 1

LION, a leading food and beverage company, is committed to protecting the environment and meeting the expectations of its people and all stakeholders. We are committed where possible to minimising the environmental footprint of the goods and services we procure which meet our performance, safety, regulatory, cost and customer/consumer requirements by:

- ✓ Selecting goods and services with better environmental footprints
- ✓ Preferentially purchasing products which are made from recyclable or reusable products and materials
- ✓ Giving preference to suppliers who
 - Have in place and follow sustainable farming practices
 - Support greenhouse and energy consumption reduction programmes across their business
 - Have in place systems and programmes to continuously reduce consumption of 'finite' resources such as water
 - Have a commitment to produce stewardship programs that minimise impact on the environment
 - Have in place robust environmental management systems compliant with AS/NZS ISO 14001:2004
 - Provide appropriate documentation to support any environmental claims made E.g. Recycled content, low emissions, energy efficient etc.
 - Are committed to increasing the recycled content of products and materials we purchase
